

Mr. Cooper

Driver's Education

For Journal #17

Some things to consider during a stop by a law-enforcement officer:

- Acknowledge the officer by using your signals
- Follow the guide of the officer (pull over to the right)
- Give undivided attention to the officer (get off your phones and turn off your music, end conversations with anyone else)
- Remain inside the vehicle
- Keep your hands where the officer can see them (steering wheel)
- Try not to provoke the officer
