

Name _____

Period ____ Date _____

Industrialization Notes

Directions: Use information from the presentation in class and Chapter 16 (pg 215-229) to help you complete the worksheet.

1. For each of the five factors of industrialization, sketch and label a simple symbol or illustration showing how the factor helped Great Britain. Write a one sentence summary next to your image explaining how this factor helped industrialization spread in Great Britain.

- Political Stability
- Labor
- Raw Materials
- Banking System
- Transportation System

2. Create the matrix below. For each country, list one similarity and one difference between their experience with industrialization and that of Great Britain.

	Similarity to Great Britain	Difference from Great Britain
Belgium		
France		
United States		
Germany		
Japan		

3. In the T-Chart, compare the domestic system and the factory system. List at least 4 aspects of each system.

Domestic System	Factory System
<ul style="list-style-type: none"> • • • • 	<ul style="list-style-type: none"> • • • •

4. Complete this statement from the perspective of each of the people listed below: "I feel _____ about the Industrial Revolution because _____."

- Factory Owner: I feel _____ about the Industrial Revolution because _____

- Factory Worker: I feel _____ about the Industrial Revolution because _____

- Consumer: I feel _____ about the Industrial Revolution because _____

5. Create an illustrated flowchart. For each agricultural change, draw a simple illustration and write a caption explaining the effect of the change you illustrated.

New Machines-----→ New Methods-----→ Enclosure Movement

6. What was the role of banking and big business in the Industrial Revolution? Explain.

7. List 5 ways the factory system changed life for industrial workers, women, and children. Circle the change you think was the most important.

- a.
- b.
- c.
- d.

8. Why would Adam Smith support a laissez-faire economic policy? Explain.
